INCOMM COOKIE NOTICE

Last Updated: September 28, 2026

Data Controller and Contact Details

InComm Payments ("InComm," "we," "us," or "our") is the controller responsible for the processing of your personal data through cookies placed on our websites. If you are located in the European Economic Area or United Kingdom, please refer to the applicable notice in our Privacy Center for details about the specific InComm entity acting as controller, our EEA and UK representatives, and our Data Protection Officer. For other inquiries, you may contact us at InCommPrivacy@InComm.com or by using the methods described in the "Contact Us" section of our Privacy Notice.

Scope of Notice

InComm maintains a primary global Privacy Notice and, for certain regions, jurisdiction-specific privacy notices that address the requirements of regional data protection laws. The primary global Privacy Notice governs your relationship with InComm unless a jurisdiction-specific notice applies based on your location or our business operations in your region. All notices are available in our Privacy Center: the primary global Privacy Notice is posted on the Privacy Center homepage, and jurisdiction-specific notices are posted on the "InComm's Privacy Notices for International Customers" page.

When this Cookie Notice refers to our "Privacy Notice," it refers to the notice applicable to you—either the primary global Privacy Notice or, where relevant, the jurisdiction-specific notice for your region. For your convenience, hyperlinked references to specific sections or subsections of the Privacy Notice link to the primary global Privacy Notice; if a jurisdiction-specific notice applies to you, please navigate to the corresponding section in that notice for the content applicable to your region. If you are unsure which notice applies to you, you may contact us at InCommPrivacy@InComm.com.

This Cookie Notice supplements the contents of our Privacy Notice by providing information about the cookies that are used on our websites. For additional details about the information collected using cookies and the purposes for which such information is processed, please review the "How We Use Data" section of our Privacy Notice.

Types of Cookies We Use

Cookies and similar tracking technologies, such as pixels, tags, and beacons (referred to collectively in this Notice as "cookies"), are tools that store or access information on your device when you visit a website. The subsections below explain the types of cookies we use and the purposes they serve. If your IP address indicates that you are accessing our sites from the European Economic Area, the United Kingdom, Brazil, Quebec, or another jurisdiction where applicable law requires opt-in consent for non-essential cookies, we request your consent before placing functional, performance and analytics, or targeting cookies.

Because our websites vary in their features and functionality, each site uses a different combination of cookies based on how the site operates and the services it provides. The same cookie may also serve different purposes and, in turn, be categorized differently depending on its use on a particular site. Rather than providing a centralized list in this Notice that may not accurately reflect the cookies active on any given website, we ask that you refer to the cookie preference manager linked in the footer of each site for a detailed, site-specific list of the cookies in use.

Cookie retention periods vary depending on the type of cookie. Session cookies expire when you close your browser, while persistent cookies remain on your device for a set period or until you delete them. For specific retention periods, please refer to the cookie preference manager on each website.

Strictly Necessary Cookies

Strictly necessary cookies are essential to the operation of our websites. They enable core functionality and services requested by users, including maintaining secure sessions, remembering privacy preferences, preventing fraud, balancing website traffic, and enabling transactions. These cookies are fundamental to security, user authentication, and accessibility; without them, essential features would not be available.

Where the EU General Data Protection Regulation ("GDPR") or UK General Data Protection Regulation ("UK GDPR") applies, we rely on contract performance where strictly necessary cookies are required to provide a service you have requested, and we rely on our legitimate interests in website security, fraud prevention, and network management, pursuant to Arts. 6(1)(b) and 6(1)(f), respectively.

Functional Cookies

Functional cookies enable enhanced website capabilities so that we can provide a more convenient and personalized experience. They may be used to remember user preferences and selections, such as language, region, or display settings, and to support features like customer-support tools or embedded media. If these cookies are disabled, some website services may not function properly. The legal basis for our use of functional cookies is your consent under Art. 6(1)(a) of the GDPR and UK GDPR.

Performance and Analytics Cookies

Performance and analytics cookies collect information about how visitors interact with our websites to help us optimize user experience. They may be used to measure website traffic and engagement, identify trends, understand how visitors navigate the site, detect errors or performance issues, and evaluate the effectiveness of certain updates or features. This information helps us improve website usability, for example, by ensuring that visitors can easily find what they are looking for. The legal basis for our use of performance and analytics cookies is your consent under Art. 6(1)(a) of the GDPR and UK GDPR.

Targeting Cookies

Targeting cookies support the delivery of personalized advertising. They record information about your visits to our websites, including pages you view and links you follow, so that we can tailor advertisements to your interests and preferences. The data collected through these cookies also helps us measure the relevance and performance of our advertising and marketing campaigns, including with the assistance of third-party advertising and marketing partners. The legal basis for our use of targeting cookies is your consent under Art. 6(1)(a) of the GDPR and UK GDPR. For more information about our targeted advertising practices, please see the "Opt-Out of Sharing and Targeted Advertising" subsection of our Privacy Notice.

If you are a California resident, the use of targeting cookies may constitute the "sale" or "sharing" of your personal information under the California Consumer Privacy Act, as amended by the California Privacy Rights Act ("CCPA"). You have the right to opt out of such sale or sharing by adjusting your cookie preferences via the cookie preference manager and by submitting an opt-out request.

Residents of other US states may have similar rights to opt out of targeted advertising or the sale of personal data under their state's comprehensive privacy law. Please see the "Your Privacy Rights" section below for details.

Categories of Personal Information Collected Through Cookies

The following categories of personal information may be collected through the cookies on our websites:

- Identifiers, such as IP address, device ID, and cookie identifiers;
- Internet or other electronic network activity information, such as browsing behavior, search history, and information regarding your interactions with our websites;
- Geolocation data, such as information derived from your IP address indicating your general geographic location; and
- Inferences drawn from any of the above used to create a profile reflecting your preferences and browsing behavior.

For more information about the types of personal information we collect and the purposes for which we process them, please visit the “Your Data” and “How We Use Data” sections of our Privacy Notice.

Third-Party Service Providers

We use third-party cookie vendors, such as analytics providers and advertising technology partners, to help us analyze website traffic and user engagement, evaluate website performance, and support the advertising and analytics services described above. These third parties act as service providers under the CCPA and as processors under the GDPR and UK GDPR, processing personal information solely on our behalf. Through the cookies used on our websites, they may receive data that includes identifiers and information about your browsing activity. For more information about the third parties with whom we share personal data, please see the “Selling and Sharing of Your Data” section of our Privacy Notice.

Cross-Border Transfers

Personal data collected through cookies may be transferred to, stored, or processed in countries other than your country of residence. When we transfer personal data internationally, we rely on appropriate safeguards recognized under applicable data protection law, including but not limited to: (i) for transfers from the EEA: standard contractual clauses approved by the European Commission, adequacy decisions, and the EU-U.S. Data Privacy Framework; and (ii) for transfers from the United Kingdom: the International Data Transfer Agreement (IDTA), the UK Addendum to the EU Commission standard contractual clauses, UK adequacy regulations made by the Secretary of State, and the UK Extension to the EU-U.S. Data Privacy Framework. For detailed information about the safeguards we use, please refer to the “International Transfers” section of our Privacy Notice.

How to Manage Your Cookie Preferences

There is a cookie preference manager linked in the footer of our websites that allows you to adjust your cookie settings on the specific site you are visiting. (Please note that these selections apply only to your current device and browser, so you will need to update your preferences separately on each device or browser where you would like them to apply.) Depending on the site, this tool may be labeled “Cookie Preferences,” “Cookie Settings,” “Your Privacy Preferences,” “Your Privacy Rights,” or another similar title. On some of our websites, the cookie preference manager may also be accessible via a persistent cookie icon that appears as a small floating widget, typically located in one of the bottom corners of your screen.

Regardless of your jurisdiction, you may withdraw your consent to the use of non-essential cookies at any time by adjusting your preferences via the cookie preference manager. Withdrawal of consent is as easy as giving consent and does not affect the lawfulness of processing based on consent before its withdrawal.

Your Privacy Rights

Under applicable data protection law, you may have the following rights with respect to the personal data collected through cookies on our websites:

***If you are located in the European Economic Area or the United Kingdom*:** Under the GDPR and UK GDPR, you have the right to request access to, rectification of, or erasure of your personal data. You also have the right to restrict or object to processing, the right to data portability, and the right to withdraw your consent at any time. For full details on how to exercise these rights, please refer to the "Your Data Privacy Rights" section of our Privacy Notice. If you are not satisfied with our response to your privacy rights request, you have the right to file a complaint with the relevant supervisory authority. Contact details for applicable data protection authorities can be found in the "Lodge a Complaint" subsection of our Privacy Notice.

***If you are a California resident*:** Under the CCPA, you have the right to know what personal information is collected about you and how it is used, the right to request deletion of your personal information, the right to correct inaccurate personal information, and the right to opt out of the sale or sharing of your personal information. You also have the right to limit the use of your sensitive personal information and the right to not be discriminated against for exercising your privacy rights. For full details on how to exercise these rights, including how to submit a verifiable consumer request, please refer to the "Your Data Privacy Rights" section of our Privacy Notice.

***If you are a resident of another US state with applicable privacy legislation*:** You may have similar rights under your state's comprehensive privacy law, including the right to access, correct, and delete your personal data, the right to data portability, and the right to opt out of targeted advertising and the sale of personal data. Please refer to the "Your Data Privacy Rights" section of our Privacy Notice for more information.

How to Exercise Your Opt-Out Rights

If you are located in a jurisdiction that provides the right to opt out of the sale or sharing of your personal information, you may exercise this right using any of the methods described in the "Contact Us" section of our Privacy Notice. For example, you may submit a request through our privacy rights webform or use a universal opt-out mechanism, such as the Global Privacy Control (GPC). We recognize browser-level GPC signals as valid opt-out requests under applicable law.

Please note that fully exercising your rights with respect to personal information collected through cookies may require both submission of an opt-out request and adjustment of your cookie settings through the cookie preference manager on our websites. For additional information, please visit the "Opt-Out of Sharing and Targeted Advertising" subsection of our Privacy Notice.
